SECRET

MEMORANDUM FOR THE DIRECTOR, GENERAL DEFENSE INTELLIGENCE
PROGRAM STAFF

Subj: JNIDS NEW INITIATIVE FOR PROJECTS (U)

Ref: (a) JNIDS Oversight Board Meeting of 29 April 1988

1. (C) The major subject of discussion at the reference meeting was the future of JNIDS and how projects should be funded. Navy agreed to restore JNIDS Base funding to its level prior to the GDIP "Worst Case" reductions, from FY-90 on, providing funds for projects be furnished by DIA and the services, and the JNIDS Memorandum of Agreement be revised to reflect this change. Following discussion of project funding alternatives, the Oversight Board members, with one negative vote (Army), agreed to share funding for JNIDS projects from FY-90 on. It was also agreed that the GDIP Program Manager should assess each service and DIA to establish the funding line, and that the initiative should be a GDIP PM protected item, not necessarily within Navy TOA.

2. (S) Request a new initiative be placed in GDIP, within "austere guidance", per the Oversight Board intentions. Proposed title and required fund line (in \$M RDT&E):

TITLE	FY-90	FY-91	FY-92	FY-93	FY-94
JNIDS PROJECTS	\$6.1	\$7.6	\$9.0	\$10.0	\$11.0

3. (U) Complete documentation and justification for the new initiative will be forwarded through normal channels.

James E. Ripple, Jr.
